"Death With Dignity" is subject for the Christianity & science forum.

We have heard the terms "Death With Dignity", "Physician Assisted Suicide" and "Hastened Death". They are all names people use to describe Initiative 1000 that will likely be before Washington voters within the next year. The specific issue to be discussed during the Christianity and Science discussion in June will be this issue of "Death With Dignity". We will gather on Tuesday June 3 at 7:30pm in the Chapel. Be thinking about your perspective on this current issue prior to the forum.
